SUBJECT INDEX

- Abies magnifica*, site microenvironment and seedling survival 288
- Acacia smallii*, light requirements 118
- Acer negundo*, reproduction cost 204
- Alberta, gastropod populations 156
- Amphibians, dermal secretions 198
- escape behavior of *Rana* 239
- Antibiotic activity, of fatty acids of *Plethodon cinereus* 198
- Arizona, foraging-space partitioning and nest sites of birds 255
- heavy metals in plants 277
- Asclepias tuberosa*, demography 374
- Atta cephalotes*, select nitrogen-rich foliage 268
- Baetis* spp., response to catchment logging 25
- Behavior, escape of *Rana* 239
- parental care in brown bullhead 234
- Biogeography colonization of N. America by European *Drosophila* 10
- Birds, desert shrubland community 255
- natural nesting of barn swallow 248
- winter population dynamics on Ozarks 52
- British Columbia, escape behavior of *Rana* 239
- California, seed predation on *Yucca* 1
- site and seedling survival of Shasta red fir 288
- Celtis laevigata*, light requirements 118
- Cervalea scotti*, occurrence in Indiana 407
- Cheumatopsyche pettiti*, life cycle 19
- Costa Rica, ants select nitrogen-rich foliage 268
- Cottus bairdi* and *C. cognatus*, hybrids 87
- Cyclops bicuspidatus thomasi*, proceroid parasites on 225
- Decomposition, litter in floodplain forest 314
- Desert, foraging-space partitioning and nest sites of birds 255
- Drosophila*, colonization of N. America by European 10
- Ecology, animal, antibiotic activity of fatty acids of salamander 198
- benthic fish diets 63
- bird populations in Ozarks 52
- escape behavior of *Rana* 239
- foraging-space partitioning by desert birds 255
- freshwater turtle biomass 165
- gastropod populations 156
- life cycles of hydropsychids 19
- life history of *Etheostoma trisella* 73
- microhabitat use by mammals 174
- nesting of barn swallow 248
- removal of pocket gophers 216
- residence length and recapture of fox squirrel 209
- response of mayflies to logging 25
- social travelling inferred from trapping 201
- web spiders in forests 42
- Yucca* moth, seed predation on *Yucca* 1
- Ecology, plant, community function in wetlands 301
- demography of butterflyweed 374
- distribution of woody seedlings 328
- energetics, patterns and seed dispersal in *Vaccinium* 386
- grass seed germination 131
- heavy metals in plants 277
- herb layer response to gap dynamics 336
- herb species and environment 106
- light requirements of trees 118
- litter decomposition in floodplain forest 314
- seed bank of prairie 123
- simulation model of plant producer site and seedling survival of Shasta red fir 288
- survival of burial 282
- vegetation of Edwards Plateau 146
- wetlands in pine barrens 301
- Yucca* seed predation 1
- Edwards Plateau, vegetation 146
- Energetics, and fruiting pattern in *Vaccinium* 386
- Environment, herb species in floodplain forests 106
- light requirements of trees 118
- microhabitat use by small mammals 174
- microsite requirements for seed germination 131
- web spiders 42
- Etheostoma trisella*, life history 73
- Europe, European *Drosophila* in North America 10
- Evolution, adaptive significance of ray corollas 191
- Feeding, ants select nitrogen-rich foli-

age	268	maturity	181
effects on larval cestodes	225	microhabitat use	174
predator effects on diet of benthic fishes	63	removal of pocket gophers	216
Fish, hybrids in <i>Cottus</i>	87	residence length and recapture of fox squirrel	209
life history of <i>Etheostoma trisella</i>	73	social travelling inferred from trapping	201
melanistic female in mosquitofish	413	Manitoba, proceroid growth on <i>Cyclops</i>	225
parental care in brown bullhead	234	Michigan, parental care in brown bullhead	234
predation effects on benthic fish diet	63	Microsite, abundance and distribution of woody seedlings	328
Florida, melanistic female mosquitofish	413	<i>Microtus pennsylvanicus</i> , body growth and sexual maturity	181
Foraging, space partitioning by birds	255	Minnesota, life cycles of hydropsychids	19
Forest, herb layer in beech-maple	336	Models, simulation of plant producer in shortgrass	348
floodplain	106, 118, 314		
mammals	174	New Jersey, wetlands in pine barrens	301
subalpine plant survival of burial	282	New York, benthic fish diets	63
web spiders	42	demography of betterflyweed	374
		North Carolina, response of mayflies to logging	25
Gabon, web spiders	42	Ohio, herb layer response to gap dynamics	336
<i>Gambusia affinis</i> , melanistic female	413	Ozark Mountains, winter bird populations	52
<i>Geomys attwateri</i> , on coastal prairie	216		
Grassland, Edwards Plateau	146	Paleoecology, extinct moose in Quaternary	407
effects of pocket gopher removal	216	late-glacial and early Holocene vegetation	361
grass seed germination	131	Parasites, proceroid on <i>Cyclops</i>	225
model of plant producer in shortgrass	348	Pennsylvania, antibiotic activity of dermal secretions of salamander	198
seed bank	123	hybrids in <i>Cottus</i>	87
		microhabitat use by mammals	174
Heavy metals, in plants on copper mine spoils	277	web spiders	42
<i>Helianthus grosseserratus</i> , adaptive significance of ray corollas	191	Peru, web spiders	42
<i>Hirundo rustica</i> , natural nesting	248	<i>Plethodon cinereus</i> , fatty acids in dermal secretions	198
Hybridization, <i>Cottus</i>	87	Populations, <i>Asclepias tuberosa</i>	374
<i>Hydropsyche riola</i> and <i>H. slosonce</i> , life cycle	19	fox squirrel	209
		gastropods in boreal forest	156
<i>Ictalurus nebulosus</i> , parental care	234	prey variability	63
<i>Ilex montana</i> , sexual dimorphism	397	winter bird populations in Ozarks	52
Illinois, length of residence of fox squirrel	209	Predation, effect on benthic fish diets	63
seed bank of prairie	123	Yucca moth on Yucca seeds	1
Indiana, extinct moose	407		
late-glacial and early Holocene vegetation	361	<i>Rana aurora</i> and <i>R. pretiosa</i> escape behavior	239
Insects, ants select nitrogen-rich foliage	268	Reproduction, butterflyweed	374
life cycles of hydropsychids	19	cost in plants	204
mayflies response to logging	25	microsites for germination and establishment	131
Yucca moth	1	parental care in brown bullhead	234
Invertebrates, other than insects, gastropod populations	156		
parasites on <i>Cyclops</i>	225		
web spiders in forests	42		
Mammals, body growth and sexual			

sexual dimorphism in <i>Ilex montana</i> .	397	Texas, grass seed germination	131
site and seedling survival of Shasta		light requirements of trees	118
red fir	288	removal of pocket gophers	216
<i>Yucca</i> and seed predation	1	vegetation of Edwards Plateau	146
Reptiles, freshwater turtle biomass . .	165	<i>Trienophorus crassus</i> , parasitic on	
		<i>Cyclops</i>	225
<i>Sciurus carolinensis</i> , recapture rates		<i>Vaccinium</i> spp., energetics, patterns	
and length of residence	209	and seed dispersal	386
South Carolina, distribution of		Virginia, body growth and sexual	
woody seedlings	328	maturity of meadow voles	181
litter decomposition	314	Volcano, plant survival of prolonged	
Streams, life cycles of hydropsychids .	19	burial	282
response of mayflies to logging	25	Washington, plant survival of burial .	282
Succession, floodplain forest	118	Wisconsin, herb species and environ-	
		ment	106
<i>Tegeticula maculata</i> , seed predation on		reproduction cost in plants	204
<i>Yucca</i>	1		
Tennessee, life history of <i>Etheostoma</i>		<i>Yucca whipplei</i> , seed predation	1
<i>trisella</i>	73
